

How to Connect to Wifi:

Edu roam

The University of Pittsburgh is a member of [Eduroam](#), a fast, reliable, and secure global Wi-Fi network developed for the research and education community. If you are visiting Pitt from an [institution that also participates in Eduroam](#), just follow these steps to connect:

1. Select "eduroam" from the list of available Wi-Fi networks.
2. Enter the email address and password from your home institution

Pitt Guest Wi-Fi

Pitt Guest Wi-Fi provides access for alumni, parents, and others. It does not require a password or a University-affiliated sponsor access.

1. When you arrive on campus, connect your device to the network named Pitt Guest Wi-Fi.
2. Read the Terms of Use and click **Accept**.
3. You will be connected and redirected to the University's main website (www.pitt.edu).
